2. Shef telephoned to say that General Cassidy, failing to reach either Mr. Kirkpatrick or Mr. [REDACTED] had called him for a full clearance on General Lucius Clay who is to be a consultant to the President's Killian Committee. There will be no problem; however, Shef wanted the Director to know of this request before he actually gave the clearance. I alerted [REDACTED] to tell the Director and to call either Shef or me on Monday.
